

Rapid, Effective Assistance for Children with potentially Terminal illness

There can be no greater tragedy than to be told your child suffers with an illness, which could shorten their life. React works to enhance a child's quality of life by giving comfort, dignity and, where possible, greater independence. The charity provides mobile home holidays throughout the UK enabling families to enjoy a break away from the stress of everyday life confident in the knowledge the holiday home remains anonymous and unidentifiable from the site's own fleet.

React homes are perfectly located in family-friendly parks. Our holiday homes are 12ft wide, equipped with three bedrooms, and can comfortably accommodate up to six people. Every home offers the ideal base to explore nearby attractions and are fully furnished to a high standard making them 'home from home'. Entertainment passes to 'on' site facilities are included free of charge.

Applying is the same process as always, just write React Holiday under 'Items/Assistance Required'. The holiday season runs from March to the end of October and we are happy to answer any questions before you apply.

If you would like to apply for a holiday with React, please telephone: 020 8940 2575 or download an application form from our website www.reactcharity.org

Version 18: March 2026

REACT HOLIDAYS

Please note: React mobile homes are not specially adapted. React homes are 12ft wide and suitable for most families. Pets are not permitted in any of our mobile homes.

If English is not your first language and you would like assistance to make an application, please telephone the React office where we will try our best to help you.
