

Charity provides equipment for Wimborne boy

A CHILDREN'S charity, which provides essential support and equipment for children for whom life is short, has helped a two year-old boy from Wimborne.

Olly Reid who is living with cerebral palsy and epilepsy, has very little independence and requires specialist support at all times.

React (Rapid Effective Assistance for Children with potential Terminal Illness) has

provided an Early Seating System which was not available to the family through the local health authority.

If you are caring for, or know of a child who may need React's help, contact the team at: react@reactcharity.org or on 020 8940 2575.

Alternatively, if you would like to know more about React, go to www.reactcharity.org
